

THE TRAUMA CLEANER: ONE WOMAN'S EXTRAORDINARY LIFE IN THE BUSINESS OF DEATH, DECAY, AND DISASTER by Sarah Krasnostein book PDF Download

The Trauma Cleaner: One Woman's Extraordinary Life in the Business of Death, Decay, and Disaster Husband, father, drag queen, sex worker, wife. You've got to hear Sandra's incredible story. Sarah Krasnostein's *The Trauma Cleaner* is a love letter to an extraordinary ordinary life. In Sandra Pankhurst she discovered a woman capable of taking a lifetime of hostility and transphobic abuse and using it to care for some of society's most in-need people. Audible's editors fell in love with Sandra because of her warmth, humour and grace, and we think you will, too. About the book Sandra Pankhurst founded her trauma cleaning business to help people whose emotional scars are written on their houses. From the forgotten flat of a drug addict to the infested home of a hoarder, Sandra enters properties and lives at the same time. But few of the people she looks after know anything of the complexity of Sandra's own life. Raised in an uncaring home, Sandra's miraculous gift for warmth and humour in the face of unspeakable personal tragedy mark her out as a one-off and make this biography unmissable. This is a truly unique book, taking the humanity of S-Town, the beauty of *H Is for Hawk* and the sensitivity of *When Breath Becomes Air* to create something of startling originality. Sarah gives listeners a window into a life in a way only unforgettable pieces of writing can. Due to the nature of some of Sandra's life experiences there are parts of the book which some listeners may find upsetting. About the author Sarah Krasnostein is a writer and a lawyer with a doctorate in criminal law. A fourth generation American and a third generation Australian, she has lived and worked in both countries. She lives in Melbourne and spends part of the year working in New York City. *The Trauma Cleaner* (Text Publishing / St Martin's Press) is her first book. ...more *The Trauma Cleaner: One Woman's Extraordinary Life in the Business of Death, Decay, and Disaster* PDF ebook
